OVERVIEW

IPTEC employs the latest 4th Generation Effio-P DSP sensor (the best imaging Night and Day) their range of WDR Cameras. Designed for applications where High Definition facial recognition is required under extreme dynamic lighting condition, strong light reflections and where intensity of illumination can vary excessively. WDR enables the capture and display of both bright areas and dark areas in the same frame, delivering a very high quality, supreme resolution and very accurate image. Additionally, It is equipped with 24pcs high performance LED's allowing it to produce black and white images up to 25 meters in complete darkness. As each pixel acts as a camera, the picture taken by one pixel does not affect the picture quality captured by other pixels. This camera is incredibly flexible to install with its 3-axis camera construction.

SPECIFICATION

CCD Sensor	1/3" Sony Effio-P DSP Sensor
Resolution	700 TVL (Colour) / 800 TVL (B&W)
Min. illumination	0.001 Lux (B&W, DSS On)
Wide Dynamic Range	120dB (Effio-P)
IR Range	25 metres
Viewing Angle	28° ~ 136° (2.8 ~ 12mm)
Selectable via OSD	AGC, Contrast, Sharpness, Motion, Privacy, Mirror, Camera ID, Shutter, WBL, BLC
Notable Features	SDNR & Reverse Polarity Protection
S/N Ratio	52dB
Iris Mode	Auto Iris Varifocal (IR Corrected)
Mounting	Ceiling / Wall / Slope
Weatherproofing	Optional
Dimension	130.8 x 96 mm
Weight	400 g
Power Source	Regulated DC12V or DC24V

MADE IN KOREA
